

Christopher T. Timbers is Vice President of Information Systems and Chief Information Officer. His responsibilities include oversight for all the information systems and telephony for the Suburban Hospital Healthcare System and development of the information systems strategic plan. Prior to joining Suburban in March 2008, Mr. Timbers worked for Perot Systems for 7 years, leading a team responsible for system implementations at the Daughters of Charity Health System and Catholic Healthcare West. Significant projects included the installation of numerous financial and clinical systems including a Web-based physician portal that supported more than 1,000 physicians.

Mr. Timbers has also held the positions of Director of Strategic Projects for Catholic Healthcare West and Director of Information Systems for Santa Monica UCLA Medical Center. Mr. Timbers holds a B.S. degree in business administration from the California Polytechnic State University.
